Art Unit: 2823

Claims 14,16 and 17-20 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 14 and 16 depend on claim 13 which has been cancelled. The claims are treated as if depending on claim 17 for the purposes of this office action. In claim 17, it is unclear what dimensions are recited through use of "sized to engage a TEM double tilt holder".

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claims 17,18,19,20 and 14 are rejected under 35 U.S.C. 102(e) as being anticipated by Lyons et al.

Lyons et al disclose base 10 of semiconductor material which may include dielectric layers (col.7, lines 1-5) and TEM sample 12 which is a Pt metal line with a metal layer on substantially the entire top surface. See col.6, lines 42-44 and col.3, lines 27-38.

Claim 16 is rejected under 35 U.S.C. 103(a) as being unpatentable over Lyons et al as applied to claims 17,18,19,20 and 14 above, and further in view of the following comments.

There is overlap between the recited width and the disclosed width of 10-200 nm (col.6, lines 42-44).

Art Unit: 2823

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, THIS ACTION IS MADE FINAL. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
